

GREEN HILL

FROM SWEET GRASS DAIRY

Green Hill is Sweet Grass Dairy's flagship double-cream, soft-ripened cow's milk cheese uniquely developed in the grassy American South in the style of Camembert. It has an exuberant buttery flavor, a thin white bloomy rind and a silky paste. The interior is a delightful yellow color derived from Sweet Grass's signature grass-fed milk. The cows graze outdoors year-round, so some say you can actually taste the season of each cheese! Each wheel is hand ladled, aged two weeks and then wrapped individually before shipping out.

FOOD PAIRING

Drizzle honey over a slightly warm wheel and serve with French bread.
Arrange on a seasonal cheese board with jams and crisp apples.

BEER PAIRINGS

Belgian Trippel Ale, Cider.

WINE PAIRINGS

Champagne, Prosecco, Albarino, Gamay.

LOCATION

Sweet Grass Dairy is nestled in the lush green pasturelands of Southern Georgia. Moderate winters and warm, humid summers ensure the Sweet Grass herd can graze on bountiful fresh grass year-round, producing cheeses that are a true expression of the vibrant terroir of the American South.

THE DAIRY

Founded by Al and Desiree Wehner in 2000, Sweet Grass Dairy is the creamery still family-run by the Wehners' daughter, Jessica and their son-in-law, expert cheesemaker Jeremy Little. The Wehners began farming sustainably using New Zealand rotational grazing methods in 1993 and wanted to show people the difference in the high-quality milk from their grass-fed cows. The Sweet Grass Dairy mission: to uphold the highest level of humane animal husbandry while constantly pursuing perfection through the science of cheese and the terroir of Georgia.

THE NAME

Green Hill is the name of the Wehner Family's original dairy.
